

Authorized Obligated Status (AEO)

Authorized Obligated Status; It is an international status that provides convenience and privileges to reliable companies that fulfill customs obligations and other general requirements.

Authorized Obligated Certificate which is internationally valid is created in order to facilitate import and export procedures. Thanks to the Authorized Obligated Certificate, Sertrans can directly take the imported goods into the facility and the exported goods can be sent directly from the facility to the customs border. In this way, your customs clearance procedures are carried out quickly.

Sertrans has the "Authorized Sender" and "Authorized Recipient" authorizations under the Authorized Obligated Status.
